\*Address lists are pre-sorted and certified to receive the lowest postage rates available. We'll also process your address data to eliminate duplicates and invalid addresses. Our equipment imprints addresses with USPS barcodes directly onto the mail piece to reduce mailing costs and free up valuable time previously spent on mailings.

\*Postage rates will vary from a low of .17 to a high of .26 per card and depend on the saturation of mailings into any given carrier route. We will analyze your mailing area and give you a free analysis to determine the most cost effective method.

Sales tax and shipping charges apply to printed products. All Postcards & Business Cards feature **FREE SHIPPING**
